

# NURSING SCHORLARSHIP PROJECT

Our Girl child full Nursing scholarship project is kicking off with two beneficiaries this year.

Dear friends, I decided to venture into this scholarship programme not because am rich, but because I realized that almost all the girls who came to learn Assistant/Auxiliary Nursing in my hospital have credits in English, mathematics, Biology, Chemistry and Physics...the basic requirement needed to go for school of Nursing.

When I ask them why Auxiliary Nursing when they can go to the Nursing school, the answer is 'Doctor, NO MONEY', the same answer I gave to a German expatriate working in Julius Berger construction company in 1989 that changed my destiny from been a Refrigerator Technician to a Medical Doctor. God willing, these Nurses will have a positive story to tell one day.

Out of the numerous candidates, two very lucky ones have been admitted into the Kogi state school of Nursing Obangede, Kogi state.

Their names are

**Yusuf Ruth**

**Chikeluba Emmanuella Eberechukwu.**
